

# Making Mastery Accessible: Features of a Mastery Learning System - Infographic

**Designer's Tip:** shaded boxes indicate where approximately 75% of time and effort should be focused.

## Sequential Tasks

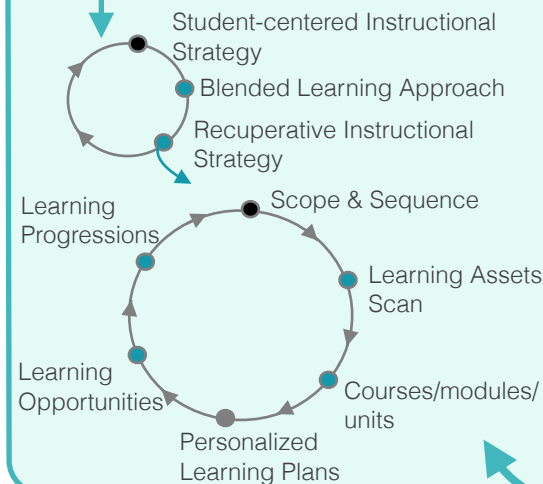

### Measurable, Explicit Competencies

- Standard-aligned academic & efficacy competencies
- Student-facing "I can" statements

### Learning Outcomes

- Scoring Rubrics
- Rating System
- Learning Outcome Statements

### Differentiated, Timely Supports

### Advancement Upon Mastery

- Performance Indicators
- Grading Policy/Scale
- Promotion Plan
- Performance-based Grading System
- Report Card/Progress Report
- Portfolio/Exhibition System

### Meaningful, Positive Assessment

- Tiered Assessment Strategy
- Performance Task approach
- Diagnostic Assessment
- Formative and Summative Assessment Development/Adoption
- Benchmarked Student Work

### Personalized Learning

- Flexible Modular Schedule
  - Positive Youth Development Plan
  - Learning Management System
  - Learner Profiles
- Asynchronous Learning

## Independent Tasks

- Extended Learning Opportunities (ELOs)
- Diagnostic Assessment Tool
